ROUND 11

Southern Nevada Public Land Management Act of 1998, as an

and

Round 7

Federal Land Transaction Facilitation Act of 2000

PRELIMINARY RECOMMENDATION

The Preliminary Recommendation is an interim product in the process of selecting projects for funding from the Special Accounts for the Southern Nevada Public Land Management Act (Public Law 105-263), as amended, (SNPLMA) and Land Transaction Facilitation Act (Public Law 106-248) commonly referred to as the "Baca Act" (FLTFA). The list of projects was generated from an open call for nominations for Round 11 of SNPLMA and Round 7 of the FLTFA.

The Subgroup for each project category – capital improvements; parks, trails and natural areas; conservation initiatives; environmentally sensitive land acquisitions; hazardous fuels reduction and wildfire prevention; and the Eastern Nevada Landscape Restoration Project – reviewed, scored and ranked the nominations according to the criteria found in the SNPLMA/FLTFA Implementation Agreement.

The Preliminary Recommendation includes a proposed budget and charts in Appendix for each of the six project categories listed below. The projects listed in the charts are in priority order.

- Parks, Trails and Natural Areas
- Capital Improvements
- Conservation Initiatives
- Environmentally Sensitive Land Acquisitions
- Hazardous Fuels Reduction and Wildfire Prevention
- Eastern Nevada Landscape Restoration Project

Lake Tahoe Restoration Projects are nominated, reviewed, and ranked through a separate but similar and generally parallel process to the above categories. Projects recommended by the Tahoe Regional Executive Committee (TREC) are submitted to the SNPLMA Executive Committee for review and consideration for inclusion in the SNPLMA Final Recommendation for each round. Therefore, Round 11 Lake Tahoe Restoration projects are not included as part of the Preliminary Recommendation.
